Subject: Pebble Mine Draft FEIS Letter Follow Up: OFA Input

Chris

As we discussed this AM: in reviewing the draft FEIS letter shared with you on Thursday, OFA noted instances where the tone could be refined before the letter is finalized. OFA was hoping to provide red line edits specific to tone today that could be shared with you and other senior leaders. There was a great effort to coordinate OFA revisions with OW and OGC today. Unfortunately there wasn't enough time to finalize a revised draft to share with senior leadership before the meeting tomorrow.

For next steps, we plan on taking the input we receive from senior leadership, revise the draft FEIS letter, and refine the tone per the ongoing discussions with OFA in coordination with OW and OGC.

Please let me know if you have any questions or concerns.

Rebecca
